Hello,

As agreed, I contacted the police. If you want to file a complaint about your cell phone, you must submit this complaint at the police station.

Met vriendelijke groeten,

Dear Maya,

I have spoken with Joost yesterday,
to find out that Kobe file has been sent to the Prosecution Office.

I wasn't involved in any of it.

What I was, is something else – labeled psychotic, not because I am, but because i dared go to the police with real technical issues.

As a consequence my kids were taken away from me and their fathers instructed to absolutely let my kids to even speak with me on the phone. I haven't spoken with Ethan for 3 months. I am assuming his file is sent as well.

That is absolutely unacceptable.

I will not ask you clarifying question, since the answers isn't something I can relay on

However, unlike you would like to inform you. From Monday Kobe is staying week with me week with his father.

Regarding Ethan, I would encourage you to contact his father and ensure, he stays with me in the same week Kobe does.

Regards,
Diana

Dear Maya,

I have just spoken with Joost and he told me that you have forgotten him to bring Kobe to me.

Why?

What is the reason? It was for just a weekend it's 3 months i haven't spoken with Ethan and now I am not allowed to see Kobe

I need to know why
